COMPANIES ACT, 2013 (“The Act”)

The Following Statement sets out all material facts relating to the Special Business mentioned in the accompanying Notice:

Item No. 3

The Company enters into various Non Banking Financial Transactions with Related Parties from time to time. These transactions usually occur on a repetitive basis and are expected to exceed the prescribed threshold limits under the Listing Regulations so as to qualify as Material Related Party transactions. Until FY 2020-21 the turnover of Arvog Forex Private Limited, the Subsidiary of the Company was consolidated in the books of the Company. The Annual Consolidated Turnover of the Company was such that the transactions as proposed in the Resolutions of the Notice never exceeded the 10% limit respectively to qualify as material related party transactions. In FY 2021-22, the Company sold its entire stake held in Arvog Forex Private Limited and therefore it ceased to be a subsidiary of the Company. As a result, and also due to the fact that the Company is an NBFC, the proposed Related Party Transactions as stated in the Resolutions of the Notice are expected to qualify as Material Related Party transactions considering the turnover of the Company for the previous Financial Year i.e. FY 2021-22 and also that the turnover of the Company comprises of mainly interest and other financial income leaving aside the aggregate financial transactions.

Pursuant to Regulation 23 of the SEBI (Listing Obligations and Disclosure requirements) Regulations, 2015 (“Listing Regulations”) read with SEBI Circular SEBI/HO/CFD/CMD1/CIR/P/2022/47 dated 08th April, 2022, all Related Party Transactions shall require prior approval of the Audit Committee and all Material Transactions with related parties require approval of the Members of the Company through Ordinary Resolution. A transaction with a Related Party shall be considered material under the Listing Regulations, if the transaction(s) in a contract to be entered into individually or taken together with previous transactions during a Financial Year, exceeds 10% of the Annual Consolidated Turnover of the Company as per the last Audited Financial Statements of the Company or any other materiality threshold prescribed by any other applicable law.

Further, Section 188 of the Companies Act, 2013 (“the Act”) read with the Companies (Meetings of Board and its Powers) Rules, 2014 states that no Company shall enter into transactions with a Related Party except with the consent of the Board and Members of the Company, where such transactions are either not (a) in Ordinary Course of Business or (b) on arm’s length basis.

The Company proposes to enter into transactions with Related Parties as provided in Resolution No. 3, from time to time, at the agreed terms of the transactions between the

parties. The said transactions with the Related Parties as per Resolution No. 3 are to be held at arm's length and in the ordinary course of business of the Company.

The Audit Committee has approved the said Related Party Transactions which were placed before it at its meeting held on 30th May, 2022 and has noted that these transactions are in the ordinary course of business and all the transactions are at arm's length. Further, the said transactions qualify as Material Related Party Transactions under the Listing Regulations. Accordingly, the Members' approval is sought for the same which shall be valid from the conclusion of 38th Annual General Meeting till the conclusion of the 39th Annual General Meeting to be held in the year 2023.

Information relating to transactions viz. names of the related parties and relationships, monetary value of the transactions are mentioned in the resolution. The terms are determined from contract to contract, as agreed between the parties.

The Board has unanimously approved the above proposal at its meeting held on 08th August, 2022.

None of the Directors, Key Managerial Personnel or their relatives are in any way concerned or interested in the resolution except Mr. Ketan Kothari and Mr. Narendra Jain.

The Directors recommend the Resolution No. 3 of the Notice for approval of the Members by way of an Ordinary Resolution.

Additional Information on the proposed Related Party Transactions under the SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2021/662

Item No. 3

a. Justification why the proposed transaction is in the interest of the Company:

The Company being an NBFC, provides inter-corporate loans business, loan against gold and various other loans to different entities/individuals in its normal course of business. Therefore, All the proposed transactions which are to be entered into by the Company with its Related Parties in the ordinary course of business and at arm's length contributes to the business of the Company and so are commercially beneficial to the Company.

Item No. 4:

The proposed transaction as mentioned in Resolution No. 4 is in reference to the Services Agreement entered into by the Company with M/s. Augmont Goldtech Private Limited (“AGTPL”) wherein AGTPL handles the end to end operations of the Company’s Gold Loan Product and is therefore entitled for the Commission and Other Charges in lieu of its services rendered to the Company.

Pursuant to Regulation 23 of the SEBI (Listing Obligations and Disclosure requirements) Regulations, 2015 (“Listing Regulations”) read with SEBI Circular SEBI/HO/CFD/CMD1/CIR/P/2022/47 dated 08th April, 2022, all Related Party Transactions shall require prior approval of the Audit Committee and all material transactions with Related Parties require approval of the Members of the Company through Ordinary Resolution. A transaction with a Related Party shall be considered material under the Listing Regulations, if the transaction(s) in a contract to be entered into individually or taken together with previous transactions during a Financial Year, exceeds 10% of the annual consolidated turnover of the Company as per the last Audited Financial Statements of the Company or any other materiality threshold prescribed by any law other applicable law.

Further, Section 188 of the Companies Act, 2013 (“the Act”) read with the Companies (Meetings of Board and its Powers) Rules, 2014 states that no Company shall enter into transactions with a Related Party except with the consent of the Board and Members of the Company, where such transactions are either not (a) in Ordinary Course of Business or (b) on arm’s length basis.

The Company proposes to enter into transactions with Related Parties as provided in Resolution No. 4, from time to time, at the agreed terms of the transactions between the parties. The said transactions with the Related Parties as per Resolution No. 4 are to be held at arm's length and in the Ordinary Course of business of the Company.

The Audit Committee has approved the said Related Party Transactions which were placed before it at its meeting held on 30th May, 2022 and has noted that these transactions are in the Ordinary Course of business and all the transactions are at arm's length. Further, the said transactions qualify as Material Related Party Transactions under the Listing Regulations. Accordingly, the Members' approval is sought for the same which shall be valid from the conclusion of 38th Annual General Meeting till the conclusion of the 39th Annual General Meeting to be held in the year 2023.

Information relating to transactions viz. names of the related parties and relationships, monetary value of the transactions are mentioned in the resolution. The terms are determined from contract to contract, as agreed between the parties.

The Board has unanimously approved the above proposal at its meeting held on 08th August, 2022.

None of the Directors, Key Managerial Personnel or their relatives are in any way concerned or interested in the resolution except Mr. Ketan Kothari.

The Directors recommend the Resolution No. 4 of the Notice for approval of the Members by way of an Ordinary Resolution.

Additional Information on the proposed Related Party Transactions under the SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2021/662

Item No. 4

a. Justification why the proposed transaction is in the interest of the Company:

The proposed transaction as mentioned in Resolution No. 4 is in reference to the Gold Loan Product of the Company wherein Augmont Goldtech Private Limited handles the end to end operations of such Product and is therefore entitled for the commission and other charges in lieu of its services rendered to the Company. The services availed by the Company facilitates it to cater into gold loan segment and thereby tap new opportunities.

b. Valuation report or other external report relied upon in relation to the proposed transaction:

The Company has entered into the Service Agreement with Augmont Goldtech Private Limited on the basis of external reports & market practices followed by other NBFCs/ Banks with respect to loan against gold product.

Item No. 5

Pursuant to the recommendation of the Nomination and Remuneration Committee ('NRC'), the Board of Directors of the Company at its meeting held on 07th June, 2022, appointed Mr. Dharmesh Lalitkumar Trivedi as an Additional Independent Director of the Company, not liable to retire by rotation, with effect from 07th June, 2022, to hold the office of Independent Director for a term of 05 (Five) consecutive years commencing on 07th June, 2022 and ending on 06th June, 2027, subject to the approval of Members in the ensuing Annual General Meeting.

Mr. Dharmesh Lalitkumar Trivedi meets the criteria of independence as provided in Section 149(6) of the Act and Regulation 16 of the SEBI Listing Regulations and is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given his consent to act as Director. The Company has received notice in writing from a Member along with the deposit of requisite amount under Section 160 of the Act proposing the candidature of Mr. Dharmesh Lalitkumar Trivedi for the office of Independent Director of the Company, not liable to retire by rotation.

Brief profile of Mr. Dharmesh Lalitkumar Trivedi and the additional information in respect of pursuant to Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Secretarial Standards on General Meetings (SS-2), is given in Annexure A to this Notice. A copy of the draft letter of appointment of Mr. Dharmesh Lalitkumar Trivedi as an Independent Director setting out the terms and conditions of appointment will be available for inspection upto the date of AGM.

The Board considers that Mr. Dharmesh Lalitkumar Trivedi's appointment is independent of the management of the Company and his association would be of immense benefit to the Company. Hence, the Board recommends the Special resolution set out at Item No. 5 of this Notice for approval of the Members of the Company.

The Board has unanimously approved the above proposal at its meeting held on 08th August, 2022.

Except Mr. Dharmesh Lalitkumar Trivedi being the appointee under this resolution, none of the other Directors and Key Managerial Personnel of the Company and their relatives are

concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of this Notice.

Item no. 6

Mr. Nishant Tolchand Ranka (DIN:06609705) was appointed as Independent Director on the Board of the Company pursuant to the provisions of Section 149 of the Act read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and the erstwhile Clause 49 of the Listing Agreement with the stock exchanges. The Nomination and Remuneration Committee of the Board of Directors, on the basis of the report of performance evaluation of Independent Directors, has recommended re-appointment of Mr. Nishant Tolchand Ranka as Independent Director for a second term of 05 (Five) consecutive years i.e. from 07th March, 2023 to 06th March, 2028 on the Board of the Company. The Board, based on the performance evaluation of Independent Directors and as per the recommendation of Nomination and Remuneration Committee, considers that, given the background and experience and contributions made by him during his tenure, the continued association of Mr. Nishant Tolchand Ranka would be beneficial to the Company and it is desirable to continue to avail his service as Independent Director. Accordingly, it is proposed to re-appoint Mr. Nishant Tolchand Ranka as Independent Director of the Company, not liable to retire by rotation and to hold office for a second term of 05 (Five) consecutive years i.e. from 07th March, 2023 to 06th March, 2028 on the Board of the Company. Section 149 of the Act and provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) inter alia prescribe that an Independent Director of a Company shall meet the criteria of independence as provided in Section 149(6) of the Act. Section 149(10) of the Act provides that an Independent Director shall hold office for a term of up to 05 (Five) consecutive years on the Board and shall be eligible for re-appointment on passing a Special Resolution by the company and disclosure of such appointment in its Board’s report. Section 149(11) provides that an Independent Director may hold office for up to two consecutive terms. Mr. Nishant Tolchand Ranka is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given his consent to act as Director. The Company has received notice in writing from a Member along with the deposit of requisite amount under Section 160 of the Act proposing the candidature of Mr. Nishant Tolchand Ranka for the office of Independent Directors of the Company. The Company has also received declaration from Mr. Nishant Tolchand Ranka that he meets with the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and under the Listing Regulations. In the opinion of the Board, Mr. Nishant Tolchand Ranka fulfils the condition for appointment as Independent Directors as specified in the Act and the Listing Regulations. Mr. Nishant Tolchand Ranka is independent of the management.

Details of Director whose re-appointment as Independent Director is proposed at Item No. 6, is provided in the “Annexure A” to the Notice pursuant to the provisions of (i) the Listing Regulations and (ii) Secretarial Standard on General Meetings (“SS-2”), issued by the Institute of Company Secretaries of India. Copy of draft letter of appointment of Mr. Nishant Tolchand setting out the terms and conditions of appointment is available for inspection by the Members at the Registered Office of the Company.

The Board commends the Special Resolution set out at Item No. 6 of the Notice for approval by the Members.

The Board has unanimously approved the above proposal at its meeting held on 08th August, 2022.

Annexure IV
Secretarial Audit Report
FORM NO. MR-3

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2022

To,
THE MEMBERS,
FINKURVE FINANCIAL SERVICES LIMITED
202/A, 02nd Floor, Trade World,
D-Wing, Kamala Mills Compound,
S. B. Marg, Lower Parel West,
Mumbai – 400 013

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practice by **FINKURVE FINANCIAL SERVICES LIMITED** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on my verification of the Company’s Books, Papers, Minutes Books, Forms and Returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the financial year ended 31st March, 2022, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s. FINKURVE FINANCIAL SERVICES LIMITED** (“the Company”) for the financial year ended on 31st March, 2022, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Reserve Bank of India Act, 1934;
- (v) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment; (not applicable to the Company during the Audit period);

(vi) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

- a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
- b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
- c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
- d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Regulations, 2009, and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28th October 2014;
- e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- f. The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 (not applicable to the Company during the Audit period) and
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (not applicable to the Company during the Audit period); and
- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998(not applicable to the Company during the Audit period);

(vii) Other Laws applicable to the Company as per the representations made by the Company are listed in **Annexure I** and forms an integral part of this report.

In case of Direct and Indirect Tax Laws like Income Tax Act, Service Tax Act, Excise & Custom Acts we have relied on the Reports given by the Statutory Auditors of the Company.

We have also examined compliance with the applicable clause of the following:

- a. Secretarial Standards issued by The Institute of Company Secretaries of India; and
- b. The (Listing Obligation and Disclosure Requirements) Regulations, 2015

During the period under review and as per the explanations and representations made by the management and subject to clarifications given to us, the Company has generally complied with the provisions of the Act, Old Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following Observations:

1. Pursuant to Regulation 17(1)(c) of SEBI (LODR) Regulations, 2015 the number of Directors were less than six from 1st April 2021 till 17th May 2021. The Company was in constant search for the prospective candidate for the position of Independent Director

during such period and the Company was able to appoint the Director on only on 17th May, 2021.

Further, due to the resignation of one of the Independent Director w.e.f. 9th March 2022, the Board of the Company as on 31st March, 2022 comprises of less than six Directors. However, the Company filled the said position on 7th June, 2022

2. Pursuant to Regulation 30 of SEBI (LODR) Regulations, 2015, Mr. Rakesh Mehta (Independent Director) resigned w.e.f. 9th March 2022, however, the Company made disclosure to the Stock Exchange on 30th March 2022 after accepting the resignation letter in the Board Meeting held on 30th March, 2022.
3. Pursuant to the provision of the Companies Act, 2013, there were some discrepancies found in the Annual Report for FY 2020-21, however, Management of the Company confirmed us that they will be careful in future.

Note: Further we report that BSE Ltd. has sought clarification from the Company on 25th May, 2021 with reference to the significant movement in price of the shares of the Company. In this regard, the Company has given a justified explanation vide its letter dated 25th May, 2021.

We further report that:

The Board of Directors of the Company was not duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors for the period starting from 09th March, 2022 to 07th June, 2022 due to the resignation of Mr. Rakesh Mehta (Independent Director) The Company appointed Mr. Dharmesh Lalitkumar Trivedi as Non-Executive - Independent Director w.e.f. 7th June 2022.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting Members' views, if any, are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

This report is to be read with my letter of even date which is annexed as **Annexure II** and form an integral part of this report.

Annexure VI

The Annual Report on CSR Activities for Financial Year ended 31st March, 2022

1. Brief outline on CSR Policy of the Company.

“CIVILIZATION” in true sense means coming and working together for each other with the idea of benefiting the other. However, to keep pace with the changing environment the “civilization” seems to lose its true meaning. One should realize that the synergy is gained by coming together and not by staying isolated. The organizations must understand the need of the hour that the Government cannot alone uplift the society as a whole and thus every organization must extend their hands for this noble cause.

The organization functions in the society, it is a part of it and it receives resources, man power, revenue, etc. from the society and it inherently becomes the responsibility of the organization to return to the society by giving what the society wants so that it can become a better place for the entire human race.

CSR is strongly connected with the principles of Sustainability; an organization should make decisions based not only on financial factors, but also on the social and environmental consequences. Therefore, it is the core corporate responsibility of Finkurve Financial Services Limited to practice its corporate values through its commitment to grow in a socially and environmentally responsible way, while meeting the interests of its stakeholders.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management of the Company is pleased to present this Management Discussion and Analysis Report in compliance with Regulation 34(2)(e) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended from time to time).

1. INDUSTRY STRUCTURE AND DEVELOPMENT:

The effects of Covid-19 brought a huge slump to the NBFC industry in the previous fiscal year. While every sector in our country was impacted by the lockdown, the cascading effect of the downturn in cashflows was likely to have had a more pronounced impact on the financial services industry. Despite the raging Coronavirus pandemic, the Non-Banking Financial Companies (NBFCs) showed a lot of resilience in 2021 and are expected to witness continued momentum in growth in the New Year of 2022 also. This industry would have seen a significant spurt in delinquencies and non-performing assets and the resultant provisions would have eroded the capital base of a large number of banks and financial institutions.

As stated, most sectors witnessed significant downturn in cashflows which severely impacted borrower's ability to make payments of their EMI dues. Against this backdrop, the moratorium was a necessity without which there would have been a complete breakdown of the financial ecosystem. Not only did it help the borrowers recoup their cashflows and then make payments on their debt, but also allowed a breather to the entire financial system by giving the benefit of asset classification standstill for the moratorium period.

Every bank and NBFC came out with their Board approved moratorium policies and norms which helped them tide over the COVID crisis during the first quarter / half of the current financial year. With gradual easing of lockdown restrictions, there was an improvement in borrower cashflows and the situation returned to reasonable levels of normalcy in the second half of the year for most of the financial institutions.

2. OPPORTUNITIES AND THREATS:

Due to the outbreak of COVID-19 pandemic all over the world, the Indian economy has suffered and the opportunities have become limited in all spheres of businesses. The financial market has suffered a lot and the business for NBFCs has further reduced. This did not discourage the Board of directors of your Company who are constantly looking for an opportunity to expand the business of the Company. Your Company being in the financial services sector is facing a very stiff competition from public sector as well as private sector banks and financial institutions. It is trying to cope up with the same and as an effort towards expansion of business, your Company is exploring different loan products and is trying to set its foot in the consumer / retail loan market.

3. SEGMENT-WISE OR PRODUCT WISE PERFORMANCE:

The Company operates in only single segment. Hence segment wise performance is not applicable.

4. OUTLOOK AND FUTURE PROSPECTS:

The Competition continues to be intense, as the Indian and foreign banks have entered the retail lending business in a big way, thereby exerting pressure on margins. The erstwhile providers of funds have now become competitors. The NBFCs can sustain in this competitive environment only through optimization of funding costs, identification of potential business areas, widening geographical reach, and use of technology, cost efficiencies, strict credit monitoring and raising the level of customer service.

5. RISKS & CONCERNS:

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. The effective risk management is therefore critical to an organization's success. The globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organizations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management. The timely and effective risk management is of prime importance to our continued success. The increased competition and market volatility has enhanced the importance of risk management.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The established Internal Control Systems of your Company are adequate to ensure that all the activities are monitored and controlled against any misuse or misappropriation of asset and that the transactions are authorized, recorded and reported correctly. More so, these internal control systems are regularly monitored by the Audit Committee of your Company and are improved upon on regular basis.

7. HUMAN RESOURCES:

The Company regards its employees as valuable asset and continuously reviews and evolves policies and procedures to attract and retain its pool of technical and managerial personnel through a conducive work environment.

8. CAUTIONARY STATEMENT:

The Management Discussion and Analysis Report may contain statements that might be considered forward looking. These statements are subject to certain risks and uncertainties. The actual results may differ materially from those expressed in the statement as important factors could influence the Company's operations such as government policies, local, political and economic development, risk inherent to the Company's growth and such other factors.

9. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

The Financial as well as Operational performance of the Company has increased considerably during FY 2021-22 as compared to the FY 2020-21 due to availability of working capital.

INDEPENDENT AUDITOR'S REPORT

To The Members of
Finkurve Financial Services Limited

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Finkurve Financial Services Limited** ("the Company"), which comprises of standalone Balance Sheet as at 31 March 2022, the standalone Statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Changes in Equity and the standalone Statement of Cash Flow for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, its profits (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Company's annual report but does not include the standalone financial statement and our auditor's report thereon which we obtained prior to the date of this auditor's report, and Annual Report, which is expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. [A] As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

 - (b) The Company, being a Non-Systematically Important, Non-Deposit Taking Non-Banking Financial Company ('NBFC') is registered under the provisions of Reserve Bank of India

Act, 1934. In our opinion and according to the information and explanations given to us, the Company have not provided any guarantee or given any security during the year. Further, investments made and the terms and conditions of the grant of all loans and advances in the nature of loans during the year are, prima facie, not prejudicial to the Company's interest.

- (c) The Company, being a NBFC, registered under provisions of RBI Act, 1934 and rules made thereunder, in pursuance of its compliance with provisions of the said Act/Rules, particularly, the Income Recognition, Asset Classification and Provisioning Norms, monitors repayments of principal and payment of interest by its customers as stipulated. In our opinion and according to the information and explanations given to us, in respect of loans and advances in the nature of loans, the schedule of repayment of principal, except in the cases of loans repayable on demand, and payment of interest has been stipulated and in cases where repayment of principal and payment of interest is not received as stipulated, the cognizance thereof is taken by the Company in the course of its periodic regulatory reporting. According to the information and explanation made available to us, reasonable steps are taken by the Company for recovery thereof.
- (d) The Company, being a NBFC, registered under provisions of RBI Act, 1934 and rules made thereunder, in pursuance of its compliance with provisions of the said Act/Rules, particularly, the Income Recognition, Asset Classification and Provisioning Norms, monitors and report total amount overdue including principal and/or payment of interest by its customers for more than 90 days. In cases where repayment of principal and payment of interest is not received as stipulated, the cognizance thereof is taken by the Company in course of its periodic regulatory reporting. The gross amount of amount overdue over 90 days as at 31 March 2022 is Rs. 2,195.37 Lakhs and after providing for provisions in accordance with the provisions and rules as stated, net amount of such overdue loans is Rs. 1,511.39 lakhs. According to the information and explanation made available to us, reasonable steps are taken by the Company for recovery thereof.
- (e) Since the Company's principal business is to give loans, the provision of clause 3(iii)(e) of the Order is not applicable to it.
- (f) The Company being a NBFC, during the course of its business activity of granting of loans, has granted loans or advances in the nature of loans that are either repayable on demand or without specifying any terms or period of repayment. The aggregate amounts of total loan or advances in the nature of loans, loan or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment to promoters, related parties and other parties are as under:

- (c) In our opinion, term loans availed by the Company during the year, were applied by the Company for the purposes for which the loans were obtained.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) On an overall examination of the Standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary. The Company does not have any joint ventures or associates.
- (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries. The Company does not have any joint ventures or associates.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (3)(x)(a) of the Order is not applicable.
- (b) The Company has not made preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) during the year under review and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year by the Statutory Auditors and upto the date of this report.

- (c) According to the information and explanations given to us, there were no whistle blower complaints received during the year by the Company.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company; hence clause 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with the sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business. The Company needs to enhance the coverage / scope of the internal audit in certain areas.
- (b) We have taken into consideration, the reports of the Internal Auditors received by the Company during the year and provided to us while determining the nature, timing and extent of audit procedures.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with its directors or the persons connected with them hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

Annexure B to Independent Auditor's Report

Referred to as Annexure 'B' in paragraph 2[A](f) of Other Legal and Regulatory Requirements of the Independent Auditors' Report of even date to the members of **Finkurve Financial Services Limited** on the standalone financial statement for the year ended on 31st March, 2022.

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over with reference to standalone financial statements of **Finkurve Financial Services Limited** ("the Company") as on 31st March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control

stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

FINKURVE FINANCIAL SERVICES LIMITED

Notes forming part of the Financial Statements for the year ended 31 March 2022

(All amounts in INR in Lakhs, unless otherwise stated)

1 Corporate Information and Significant Accounting Policies**A Corporate Informations:**

Finkurve Financial Services Limited ('the Company'), formerly known as Sanjay Leasing Limited is public company domiciled in India and is incorporated under the provisions of Companies Act, 1956 in the year 1984. The company is registered as Non - Deposit Accepting Non - Banking Financial Company (NBFC) as defined under section 45-IA of the Reserve Bank of India Act, 1934 and was issued registration certificate by Reserve Bank of India on 9th March 1998. Since then, the company is carrying on the business activity of NBFC. The Equity shares of the company are listed on Bombay Stock Exchange Limited (BSE).

B Summary of Significant Accounting Policies**(a) Statement of compliance and basis of preparation and presentation of financial statements**

These standalone or separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules as amended and notified under section 133 of the Companies Act, 2013 ("the Act"), in conformity with the accounting principles generally accepted in India and other provision of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Balance sheet and Statement of Profit & Loss are prepared and presented in accordance with the format prescribed in the Division III to Schedule III to the Act applicable for Non Banking Finance Companies (NBFC).

(b) Functional and presentation currency

The financial statements are presented in Indian Rupees [INR or Rs], the functional currency of the Company.

(c) Basis of Measurement

The financial statements of the Company are prepared on the accrual basis of accounting and historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

(i) Certain financial assets and liabilities are measured at Fair value (Refer note no. (h) and (l) below)

(d) Use of Estimates and Judgements

The preparation of the financial statements requires the Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Share based payment transactions

The fair value of employee stock options is measured using the Black-Scholes model. Measurement inputs include share price on grant date, exercise price of the instrument, expected volatility (based on weighted average historical volatility), expected life of the instrument (based on expected exercise behaviour), expected dividends, and the risk free interest rate (based on government bonds).

Estimation of uncertainties relating to the global health pandemic from COVID-19:

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of property, plant and equipments, investments, receivables, and other financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information. There is no material adverse impact of COVID - 19 pandemic on the Company and its operations/profitability during the financial year ended 31 March 2022 and also during the financial year ended 31 March 2021.

(e) Property, plant and equipment (PPE)

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure and subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Company and that the cost of the item can be reliably measured.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

(f) Intangible assets

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in statement of profit and loss as incurred.

(g) Depreciation and Amortisation

Tangible assets

Depreciation has been provided on Written Down Value basis and in accordance with, Method and useful life prescribed in Schedule II to the Companies Act, 2013.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives. The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. For indefinite-life intangible assets, the assessment of indefinite-life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively basis revised estimates.

(h) Financial assets - Initial recognition:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments.

Initial Recognition and Measurement – Financial Assets and Financial Liabilities

All Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through

profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through Other Comprehensive Income (“FVTOCI”) or fair value through profit or loss (“FVTPL”) on the basis of following:

- (a) the entity’s business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset is classified and measured at amortised cost if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Profit or Loss (FVTPL):

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Equity Instruments:

Investment in equity instruments are generally accounted for as at fair value through the statement of profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income. Such classification is determined on an instrument-by-instrument basis. Amounts presented in other comprehensive income for equity instruments are not subsequently transferred to statement of profit and loss.

Dividends on these investments in equity instruments are recognised in Statement of Profit and Loss when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in Statement of Profit and Loss are included in the ‘Other income’ line item.

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Company’s Loans and trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognises impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12–months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement of impairment testing.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

(I) Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings:

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognised in profit & loss when the liabilities are derecognised as well as through EIR amortisation process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(j) Fair Value Measurement

The Company measures financial instruments, such as, derivatives, investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (a) In the principal market for the asset or liability, or
- (b) In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- (ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- (iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(k) Cash & Cash Equivalents

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

(l) Foreign exchange transactions & translations

Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Statement of Profit and Loss of the year.

Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

(m) Revenue Recognition:

Effective Interest rate method

Interest income is recognised in Statement of profit & loss using effective interest rate method for all financial instruments at amortised cost, debt instrument measured at FVOCI and debt instrument designated at FVTPL. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

Calculation of effective interest includes transaction cost and fees that are an integral part of the contract. Transaction cost include incremental cost that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as positive or negative adjustment to the carrying amount of the asset, in the balance sheet, with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the Statement of profit and loss.

Interest

The Company calculates interest income related to financing business by applying the Effective Interest Rate Method (EIR) to the gross carrying amount of financial asset other than credit-impaired assets.

When a financial asset becomes credit- impaired, the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.

Subvention Income

Subvention income received at the inception of the loan contracts which is directly attributable to individual loan contracts in respect of education loan is recognised in the Statement of profit and loss using the effective interest method over the tenor of such loan contracts measured at amortised cost.

Fees and commission income

Fee based income are recognised when they become measurable and when it is probable to expect their ultimate collection.

Commission and brokerage income earned for the services rendered are recognised as and when they are due.

Dividend

Dividend Income is recognised when right to receive the same is established and shown as part of investment and dividend income.

Rental Income

Rental Income is recognised in the statement of profit & loss as per contractual rentals unless another systematic basis is more representative of the time pattern.

Gain on sale of investment/Redemption of Mutual funds

On disposal of an Investment, the difference between the carrying amount and net disposal proceeds is charged or credited to the profit and loss statement.

(n) Finance costs

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at amortised cost. Financial instruments include bank borrowing, intercorporate loans, external commercial borrowing and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

Effective from 1 April 2019, on application of Ind AS 116 (Leases), interest expense on lease liabilities computed by applying the Company's weighted average incremental borrowing rate has been included under finance costs.

(o) Investment in subsidiaries

Investments in equity shares of subsidiaries are recorded at cost and reviewed for impairment at each reporting date. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

(p) Taxes on Income

Income tax comprises current and deferred tax. Income tax expense is recognised in the statement of profit and loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax assets are not recognised where it is more likely that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

(q) Borrowing Cost:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalised as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognised as an expense in the period in which they are incurred.

(r) Earnings per shares

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(s) Securities issue expenses

Expenses incurred in connection with fresh issue of Share capital are adjusted against Securities premium reserve.

(t) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

(u) Leases

The Company's lease asset classes primarily consist of leases for building for offices. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (a) the contract involves the use of an identified asset
- (b) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (c) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(v) Employee Benefits:

The Company has provided following post-employment plans:

- (a) Defined benefit plans such as gratuity and
- (b) Defined contribution plans such as Provident fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial (gains)/losses
- (b) Return on plan assets, excluding amount recognised in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Employee stock options :

Equity-settled share-based payments to employees are recognised as an expense at the fair value of equity stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the graded vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (employee stock option reserve). At the end of each reporting period, the Company revises its estimate of number of equity shares expected to vest. The impact of the revision of the original estimates, if any, is recognised in the statement of profit and loss such that cumulative expenses reflect the revision estimate, with a corresponding adjustments to the employee stock option reserve.

(w) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed in financial statements.

(x) Goods and services tax input credit

Goods and services tax input credit asset is recognised in the books of accounts in the period in which the supply of goods or service received is recognised and when there is no uncertainty in availing/utilising the credits.

Expenses and assets are recognised net of the goods and services tax paid, except when the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or charged to revenue separately, as applicable. The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

(y) Cash flow Statement

Cash flows are reported under the 'Indirect method' as set out in Ind AS 7 on 'Statement of Cash Flows, whereby net profit after tax is adjusted for the effects of transactions of non-cash nature, tax and any deferrals or accruals of past or future cash receipts or payments. The cash flows are prepared for the operating, investing and financing activities of the Company.

Nature and purpose of other equity :
(a) Securities premium reserve

The amount received in excess of face value of the equity shares is recognised in Securities premium reserve. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium reserve. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) General reserve

Under the erstwhile Companies Act, 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(c) Statutory reserve (Pursuant to Section 45-IC of The RBI Act, 1934)

Statutory reserve represents reserve fund created pursuant to Section 45-IC of the RBI Act, 1934 through transfer of specified percentage of net profit every year before any dividend is declared. The reserve fund can be utilised only for limited purposes as specified by RBI from time to time and every such utilisation shall be reported to the RBI within specified period of time from the date of such utilisation.

The conditions and restrictions for distribution attached to statutory reserves as specified in Section 45-IC(1) in The Reserve Bank of India Act, 1934:

(1) Every non-banking financial company (NBFC) shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the profit and loss account and before any dividend is declared.

(2) No appropriation of any sum from the reserve fund shall be made by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation shall be reported to the RBI within twenty one days from the date of such withdrawal:

Provided that the RBI may, in any particular case and for sufficient cause being shown, extend the period of twenty one days by such further period as it thinks fit or condone any delay in making such report.

(3) Notwithstanding anything contained in sub-section (1), the Central Government may, on the recommendation of the RBI and having regard to the adequacy of the paid-up capital and reserves of a NBFC in relation to its deposit liabilities, declare by order in writing that the provisions of sub-section

(1) shall not be applicable to the NBFC for such period as may be specified in the order:

Provided that no such order shall be made unless the amount in the reserve fund under sub-section (1) together with the amount in the share premium account is not less than the paid-up capital of the NBFC.

(d) Retained earnings

Retained earnings or accumulated surplus represents total of all profits retained since company's inception. Retained earnings are credited with current year profits, reduced by losses, if any, dividend payouts, transfers to General reserve or any such other appropriations to specific reserves.

(e) Share based payment reserve

Share based payment reserve represents amount of reserve created by recognition of compensation cost at grant date fair value on stock options vested but not exercised by employees and unvested stock options in the Statement of profit and loss in respect of equity-settled share options granted to the eligible employees of the Company in pursuance of the Employee Stock Option Plan.

(f) Other comprehensive income

Other comprehensive income consist of FVOCI financial assets and financial liabilities and remeasurement of defined benefit assets and liability.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The amount of provisions / contingent liabilities is based on management's estimate, and no significant liability is expected to arise out of the same.

30 Capital Commitments

The Company does not have any Capital Commitments as on 31 March 2022. (Nil as at 31 March 2021).

31 Leases

The Company's lease asset classes primarily consist of leases of buildings or part thereof taken on lease for offices premises.

The Company uses following practical expedient, when applying Ind AS 116 to leases :

(1) The Company didn't recognised Right of Use and Lease liabilities for lease for which the lease terms ends within 12 months on the date of initial transition and low value assets.

(2) The Company excluded initial direct cost from measurement of the Right of Use assets at the date of initial application.

(3) The Company uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

Following are the changes in the carrying value of right of use assets for the year ended 31 March 2022:

f. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

Financial Assumptions

	Year ended 31 March 2022	Year ended 31 March 2021
Discount rate	7.23%	6.78%
Salary Escalation Rate	5.00%	5.00%

g. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

	Impact on defined benefit obligation		
	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	9.12	13.71
Salary Escalation Rate	1.00%	13.12	9.36

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

h. The defined benefit obligations shall mature after year end 31 March 2022 as follows:

	As at 31 March 2022	As at 31 March 2021
Expected payments for future years		
Within the next 12 months	0.13	0.04
Between 2 and 3 years	0.14	0.05
Between 3 and 4 years	0.18	0.06
Between 4 and 5 years	0.24	0.08
Between 5 and 6 years	0.26	0.09
Thereafter	10.18	4.15

iii) Employee share based payment plans:

During the year ended 31 March, 2022, the Company implemented Finkurve Employee Stock Option Plan 2018 ("2018 Plan"). The plan was approved by the shareholders in the Company's 34th AGM held on 29 September, 2018. The 2018 Plan have resulted into creation of ESOP pool of 50 lakhs options resulting into 50 lakhs equity shares of Rs 1 each. Further, the stock options to any single employee under the Plan shall not exceed 1% of fully diluted equity Shares of the Company during the tenure of the Plan, subject to compliance with Applicable Law.

The options granted under 2018 Plan have a maximum vesting period of 4 years from the end of grant date and is exercisable within 5 years of last vesting date. The options granted are based on the performance of the employees during the year of the grant and their continuing to remain in service. The process for determining the eligibility of employees for the grant of stock options under the 2018 Plan shall be determined by the Nomination and Remuneration Committee (Administrator of the 2018 Plan) in consultation with Board and based on employee's grade, performance rating and such other criteria as may be considered appropriate. The employees shall be entitled to receive one equity share of the Company on exercise of each stock option, subject to performance of the employees and continuation of employment over the vesting period and other terms of the plan. The Board of Directors or the Nomination and Remuneration Committee shall decide the Exercise Price and the discount rate at the time of granting the Options on the basis of per share Market rate of the shares of the Company as defined under 2018 Plan.

(b) Fair value hierarchy and method of valuation:

The Company categorises assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.

Level 3 - Inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants. The management of the Company assessed that loans given, cash and cash equivalents, trade receivables, trade payables, other current financial liabilities, current loans and other financial assets approximate their carrying amounts largely due to the short-term maturities of these instruments.

(d) Significant unobservable input(s) for Level 3 hierarchy

The fair value of financial instruments that are not traded in active market is determined by using valuation techniques. The Company uses judgement to select from variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. Significant inputs considered in valuation are Terminal Growth rate, Weighted average cost of capital and computation of Net asset value in case of certain investments.

Relationship of unobservable inputs to fair value and sensitivity

Increase or decrease in multiple will result in increase or decrease in valuation.

37 Financial risk management objectives and policies

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's Board of Directors has appropriate financial risk governance framework for the Company. The Board of Directors govern the Company's financial risk activities by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises 3 types of risk: interest rate risk and currency risk. Financial instruments affected by market risk includes loans, Investment in units of mutual fund, and borrowings.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk primarily from borrowings. The Company monitors the changes in interest rates and actively regarding finances its debt obligations and/or re-evaluate the investment position to achieve an optimal interest rate exposure.

The Company's borrowings are majorly is at fixed interest rates and accordingly, the company is not exposed to any significant interest rate risk.

Foreign currency risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company does not have any foreign currency exposure, accordingly it is not exposed to the foreign currency risks.

Investment price risk

Credit Risk

The Company is exposed to credit risk from their operating activities (primarily Loans given), The Company manage the credit risk by continuously monitoring the creditworthiness of customers. The Company has used a practical expedient by computing the expected credit loss allowance for external trade receivables based on a provision matrix. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix.

Expected credit loss on loans given is Rs. 774.02 lakhs (31 March 2021 - Rs.587.44 lakhs)

Liquidity Risk

Liquidity risk refers to insufficiency of funds to meet the financial obligations. The Company manages liquidity risk by borrowings, fund infusion by issue of equity shares/ preference shares, continuously monitoring forecast and actual cash flows, and by assessing the maturity profiles of financial assets and liabilities.

The following tables detail the company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay. The tables include principal cash flows. The contractual maturity is based on the earliest date on which the company may be required to pay.

40 Recent accounting and other pronouncements :

A) New Standards issued or amendments to the existing standard but not yet effective :

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its financial statements.

(c) Ind AS 103 | Business combinations – The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.

(d) Ind AS 109 | Financial instruments – The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

B) other recent pronouncements :

(a) The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the company towards Employee Benefit Plan. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on 13 November 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

(b) Ministry of Corporate Affairs issued notifications dated 24 March 2021 to amend Schedule - III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the Financial Year starting 01 April 2021. Amendments relating to Division III of Schedule III which relates to the NBFC whose financial statements are required to comply with Companies (Indian Accounting Standard) Rules 2015 as amended by Companies (Indian Accounting Standard) Rules 2016 have been complied with by the Company.

(c) On November 12th 2021, the Reserve Bank of India (RBI) had issued circular no. RBI/2021-2022/125 DOR.STR. REC.68/21.04.048/2021-22, requiring changes to and clarifying certain aspects of Income Recognition, Asset Classification and Provisioning norms (IRACP norms) pertaining to Advances. On February 15th 2022, the RBI had issued another circular no. RBI/2021-2022/158 DOR.STR.REC.85/21.04.048/2021-22 providing time till September 30th 2022. Accordingly, the Company will implement the updated norms under IRACP w.e.f. 1st October 2022.

FINKURVE FINANCIAL SERVICES LIMITED**Notes forming part of the Financial Statements for the year ended 31 March 2022****(All amounts in INR in Lakhs, unless otherwise stated)****vi) Institutional set-up for liquidity risk management**

The ultimate responsibility for liquidity risk management rests with the Board of directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Company's short, medium and long-term funding and liquidity management requirements. The ALCO meets regularly to review the liquidity position based on future cash flows. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. The Company also maintains adequate liquid assets, banking facilities and reserve borrowing facilities to hedge against unexpected requirements.

In order to achieve above, the Company also has an Investment Policy to ensure that safety, liquidity and return on the surplus funds are given appropriate weightages and are placed in that order of priority. The Investment Committee frames the strategy, sets the operational parameters and framework within the limits as may be set by the Board for investment. The Committee approaches the Board for revising the limits as and when required. The policy is also reviewed periodically in the background of developments in the money markets and the Investment Committee depending on the external factors proactively to reduce the risk in the investments. A well-defined front and back office mechanism is in place to ensure a system of checks and balances.

INDEPENDENT AUDITOR'S REPORT

To The Members of
Finkurve Financial Services Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Finkurve Financial Services Limited** (the "Parent" / the "Holding Company") and its subsidiary (the holding company and its subsidiary constitute "the Group") which comprise the consolidated Balance Sheet as at 31 March 2022, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Change in Equity and the Consolidated Statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and, based on the separate unaudited financial statements of subsidiary as referred to in Other Matter Section below, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Group as at 31 March 2022, and their consolidated profits (including other comprehensive income), their consolidated change in equity and their consolidated cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us along with the consideration of unaudited separate financial statements of subsidiary as referred to in Other Matters Section below is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information other than the financial statements and auditors' report thereon

The Holding Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we performed, we conclude that there is a material misstatement therein, we are required to report that fact. We have nothing to report in this regards.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including Other Comprehensive Income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India.

The responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Group and for preventing and detecting the frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the Companies included in the Group is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of the separate unaudited financial statements of subsidiary as referred to in Other Matters Section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The accompanying consolidated financial statements include the unaudited financial statements of Arvog Forex Private Limited (formerly known as Supama Forex Private Limited). As mentioned in para (A) and para (B)(a) of note no 1, during the year, the company have sold its entire investments held in the equity shares of Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) resulting into Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) ceases to be its subsidiary effective from 11th February 2022. Annexure A to the Independent Auditors' Report

Referred to as Annexure 'A' in paragraph 1(f) under 'Report on other Legal and Regulatory Requirements' section of our Report of even date to the members of **Finkurve Financial Services Limited** on the consolidated financial statement for the year ended on 31 March, 2022.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Finkurve Financial Services Limited** ("the Holding Company") and its subsidiary companies which are incorporated in India, as on 31st March, 2022 in conjunction with our audit of the consolidated financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by ICAI. The Consolidated Financial Statements includes the unaudited financial statements of subsidiary company as prepared and submitted to us by the management.

Other Matter

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to its subsidiary company incorporated in India, is based on the unaudited financial statements of such subsidiary company incorporated in India whose financial statements for the period ended 10th February 2022 have been prepared and submitted to us by the management.

FINKURVE FINANCIAL SERVICES LIMITED**Notes forming part of the Financial Statements for the year ended 31 March 2022****(All amounts in INR in Lakhs, unless otherwise stated)****(1) Corporate Information and Significant Accounting Policies****A Corporate Informations:**

Finkurve Financial Services Limited ('the Parent Company'), formerly known as Sanjay Leasing Limited was incorporated in the year 1984. The company is registered as Non - Deposit Accepting Non - Banking Financial Company (NBFC) as defined under section 45-IA of the Reserve Bank of India Act, 1934 and was issued registration certificate by Reserve Bank of India on 9th March 1998. Since then, the company is carrying on the business activity of NBFC. The Equity shares of the company are listed on Bombay Stock Exchange Limited (BSE)

The consolidated financial statements comprise the financial statements of Finkurve Financial Service Limited (the Parent Company) and its subsidiary Arvog Forex Private Limited (formerly known as Supama Forex Private Limited). The subsidiary company is located in India.

Pursuance to the resolution passed by the Board of Directors, during the year, the Company have acquired balance 1,47,000 (one lakh fourty seven thousand) i.e. 16.80% equity shares of Arvog Forex Private Limited (formerly known as Supama Forex Private Limited), a material subsidiary company resulting into Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) became 100% subsidiary of company.

Subsequently, pursuance to the special resolution passed by the members of the company in annual general meeting held on 20 September 2021, the Board of Directors have entered into agreement with Revolut Payments India Private Limited for disinvestments and sale of 8,75,000 (eight lakh seventy five thousands) i.e. 100% equity shares of Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) held by the Company. The transaction have been completed during the year and hence, Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) ceases to be subsidiary of the Company with effective from 11 February 2022.

B Summary of Significant Accounting Policies**(a) Statement of compliance and basis of preparation and presentation of consolidated financial statements**

These consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules as amended and notified under section 133 of the Companies Act, 2013 ("the Act"), in conformity with the accounting principles generally accepted in India and other provision of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Balance sheet and Statement of Profit & Loss are prepared and presented in accordance with the format prescribed in the Division III to Schedule III to the Act applicable for Non Banking Finance Companies (NBFC).

Consolidation Procedures:

- (a) Combine, on line by line basis like items of assets, liabilities, equity, income, expenses and cash flows of the Parent with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the Parent's investment in the subsidiary and the Parent's portion of equity of the subsidiary. Business combinations policy explains how to account for any related goodwill.
- © Eliminate in full intra-group assets and liabilities, equity, income, expenses and Cash flows relating to transactions between entities of the group (profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant and equipment (PPE), are eliminated in full). Intra-group losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intra-group transactions.
- (d) Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

(e) As mentioned in para (A) - "Corporate Information" above, the Company have sold its entire, 100% investments held in the equity shares of the only subsidiary company, M/s Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) resulting into the subsidiary, Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) ceases to be subsidiary of the Company with effective from 11 February 2022.

The consolidated financial statements have been prepared on the basis of un-audited financial statements of subsidiary, Arvog Forex Private Limited (formerly known as Supama Forex Private Limited) prepared upto the period ended 10th february 2022 and effect of ceasation of subsidiary w.e.f. 11th february 2022 have been given in the consolidated financial statement in accordance with Indian Accounting Standards (IndAS) - 110 "Consolidated Financial statements".

The transaction of disinvestments have been completed during the year and on this sale transaction, the Company have recognised a pre-tax profit of Rs. 1,986.61 lakhs on a consolidated basis and the same has been disclosed under the revenue in the statement of profit and loss for the year ended 31 March 2022.

(b) Functional and presentation currency

The financial statements are presented in Indian Rupees [INR or Rs], the functional currency of the Group.

(c) Basis of Measurement

The financial statements of the Group are prepared on the accrual basis of accounting and historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

(i) Certain financial assets and liabilities are measured at Fair value (Refer note no. (h) and (l) below)

(d) Use of Estimates and Judgements

The preparation of the financial statements requires the Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Share based payment transactions

The fair value of employee stock options is measured using the Black-Scholes model. Measurement inputs include share price on grant date, exercise price of the instrument, expected volatility (based on weighted average historical volatility), expected life of the instrument (based on expected exercise behaviour), expected dividends, and the risk free interest rate (based on government bonds).

Estimation of uncertainties relating to the global health pandemic from COVID-19:

The Group has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of property, plant and equipments, investments, receivables, and other financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Group, as at the date of approval of these financial statements has used internal and external sources of information. There is no material adverse impact of COVID - 19 pandemic on the Group and its operations/profitability during the financial year ended 31 March 2022 and also during the financial year ended 31 March 2021.

(e) Property, plant and equipment (PPE)

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure and subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Group and that the cost of the item can be reliably measured.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

(f) Intangible assets

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in statement of profit and loss as incurred.

(g) Depreciation and Amortisation**Tangible assets**

Depreciation has been provided on Written Down Value basis and in accordance with, Method and useful life prescribed in Schedule II to the Companies Act, 2013.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives. The amortisation period and the amortisation method for finite life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. For indefinite life intangible assets, the assessment of indefinite life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively basis revised estimates.

(h) Financial assets - Initial recognition:

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments.

Initial Recognition and Measurement – Financial Assets and Financial Liabilities

All Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Group classifies financial assets as subsequently measured at amortized cost, fair value through Other Comprehensive Income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset is classified and measured at amortized cost if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Other Comprehensive Income (FVTOCI):

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Profit or Loss (FVTPL) :

A financial asset is classified and measured at FVTPL unless it is measured at amortized cost or at FVTOCI.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Equity Instruments:

Investment in equity instruments are generally accounted for as at fair value through the statement of profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income. Such classification is determined on an instrument-by-instrument basis. Amounts presented in other comprehensive income for equity instruments are not subsequently transferred to statement of profit and loss.

Dividends on these investments in equity instruments are recognised in Statement of Profit and Loss when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in Statement of Profit and Loss are included in the 'Other income' line item.

Impairment

The Group recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Group's Loans and trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Group does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Group recognises 12 months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement of impairment testing.

De-recognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement.

In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

(I) Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Group's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement :

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings :

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts :

Financial guarantee contracts issued by the Group are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(j) Fair Value Measurement

The Group measures financial instruments, such as, derivatives, investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (a) In the principal market for the asset or liability, or
- (b) In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- (ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- (iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(k) Cash & Cash Equivalents

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

(l) Foreign exchange transactions & translations**Initial Recognition**

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Group are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

(m) Revenue Recognition:**Effective Interest rate method**

Interest income is recognised in Statement of profit & loss using effective interest rate method for all financial instruments at amortised cost, debt instrument measured at FVOCI and debt instrument designated at FVTPL. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

Calculation of effective interest includes transaction cost and fees that are an integral part of the contract. Transaction cost include incremental cost that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as positive or negative adjustment to the carrying amount of the asset, in the balance sheet, with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the Statement of profit and loss.

Interest

The Group calculates interest income related to financing business by applying the Effective Interest Rate Method (EIR) to the gross carrying amount of financial asset other than credit-impaired assets.

When a financial asset becomes credit- impaired, the Group calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

Subvention Income

Subvention income received at the inception of the loan contracts which is directly attributable to individual loan contracts in respect of education loan is recognized in the Statement of profit and loss using the effective interest method over the tenor of such loan contracts measured at amortized cost.

Fees and commission income

Fee based income are recognized when they become measurable and when it is probable to expect their ultimate collection.

Commission and brokerage income earned for the services rendered are recognized as and when they are due.

Dividend

Dividend Income is recognized when right to receive the same is established and shown as part of investment and dividend income.

Rental Income

Rental Income is recognised in the statement of profit & loss as per contractual rentals unless another systematic basis is more representative of the time pattern.

Gain on sale of investment/Redemption of Mutual funds

On disposal of an Investment, the difference between the carrying amount and net disposal proceeds is charged or credited to the profit and loss statement.

(n) Taxes on Income

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Group offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

(o) Borrowing Cost:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

(p) Earnings per shares

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(q) Finance Cost

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at Amortized cost. Financial instruments include bank borrowing, intercorporate loans, external commercial borrowing and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

Effective from 1 April 2019, on application of Ind AS 116 (Leases), interest expense on lease liabilities computed by applying the Group's weighted average incremental borrowing rate has been included under finance costs.

® Securities issue expenses

Expenses incurred in connection with fresh issue of Share capital are adjusted against Securities premium reserve.

(s) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

(t) Leases

The Group's lease asset classes primarily consist of leases for building for offices. The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (a) the contract involves the use of an identified asset
- (b) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (c) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(u) Employee Benefits:

The Group has provided following post-employment plans:

- (a) Defined benefit plans such as gratuity and
- (b) Defined contribution plans such as Provident fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial (gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Group determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Group's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

(c) Employee stock options :

Equity-settled share-based payments to employees are recognized as an expense at the fair value of equity stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the graded vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (employee stock option reserve). At the end of each reporting period, the Group revises its estimate of number of equity shares expected to vest. The impact of the revision of the original estimates, if any, is recognized in the statement of profit and loss such that cumulative expenses reflect the revision estimate, with a corresponding adjustments to the employee stock option reserve.

(v) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in financial statements.

(w) Goods and services tax input credit

Goods and services tax input credit asset is recognised in the books of accounts in the period in which the supply of goods or service received is recognised and when there is no uncertainty in availing/utilising the credits.

Expenses and assets are recognised net of the goods and services tax paid, except when the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or charged to revenue separately, as applicable. The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

(x) Cash flow Statement

Cash flows are reported under the 'Indirect method' as set out in Ind AS 7 on 'Statement of Cash Flows, whereby net profit after tax is adjusted for the effects of transactions of non-cash nature, tax and any deferrals or accruals of past or future cash receipts or payments. The cash flows are prepared for the operating, investing and financing activities of the Group.

Other comprehensive income	(2.05)	-
	14,536.26	12,513.29

Nature and purpose of other equity :

(a) Capital reserve on consolidation

Capital reserve arises as a result of consolidation of financial statement.

(b) Securities premium reserve

The amount received in excess of face value of the equity shares is recognised in Securities premium reserve. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium reserve. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(c) General reserve

Under the erstwhile Companies Act, 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(d) Statutory reserve (Pursuant to Section 45-IC of The RBI Act, 1934)

Statutory reserve represents reserve fund created pursuant to Section 45-IC of the RBI Act, 1934 through transfer of specified percentage of net profit every year before any dividend is declared. The reserve fund can be utilized only for limited purposes as specified by RBI from time to time and every such utilization shall be reported to the RBI within specified period of time from the date of such utilization.

The conditions and restrictions for distribution attached to statutory reserves as specified in Section 45-IC(1) in The Reserve Bank of India Act, 1934:

(1) Every non-banking financial company (NBFC) shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the profit and loss account and before any dividend is declared.

(2) No appropriation of any sum from the reserve fund shall be made by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation shall be reported to the RBI within twenty one days from the date of such withdrawal:

Provided that the RBI may, in any particular case and for sufficient cause being shown, extend the period of twenty one days by such further period as it thinks fit or condone any delay in making such report.

(3) Notwithstanding anything contained in sub-section (1), the Central Government may, on the recommendation of the RBI and having regard to the adequacy of the paid-up capital and reserves of a NBFC in relation to its deposit liabilities, declare by order in writing that the provisions of sub-section (1) shall not be applicable to the NBFC for such period as may be specified in the order:

Provided that no such order shall be made unless the amount in the reserve fund under sub-section (1) together with the amount in the share premium account is not less than the paid-up capital of the NBFC.

(e) Retained earnings

Retained earnings or accumulated surplus represents total of all profits retained since Company's inception. Retained earnings are credited with current year profits, reduced by losses, if any, dividend payouts, transfers to General reserve or any such other appropriations to specific reserves.

(f) Share based payment reserve

Share based payment reserve represents amount of reserve created by recognition of compensation cost at grant date fair value on stock options vested but not exercised by employees and unvested stock options in the Statement of profit and loss in respect of equity-settled share options granted to the eligible employees of the Company and its subsidiary in pursuance of the Employee Stock Option Plan.

(g) Other comprehensive income

Other comprehensive income consist of FVOCI financial assets and financial liabilities and remeasurement of defined benefit assets and liability.

The Group does not have any Capital Commitments as on 31 March 2022. (Nil as at 31 March 2021).

31 Leases

The Group's lease asset classes primarily consist of leases of buildings or part thereof taken on lease for office premises.

The Group uses following practical expedient, when applying Ind AS 116 to leases :

- (1) The Group didn't recognize Right of Use and Lease liabilities for lease for which the lease term ends within 12 months on the date of initial transition and low value assets.
- (2) The Group excluded initial direct cost from measurement of the Right of Use assets at the date of initial application.
- (3) The Group uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

f. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

Financial Assumptions

	Year ended 31 March 2022	Year ended 31 March 2021
Discount rate	7.23%	6.78%
Salary Escalation Rate	5.00%	5.00%

g. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

	Impact on defined benefit obligation		
	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	9.12	13.71
Salary Escalation Rate	1.00%	13.12	9.36

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

h. The defined benefit obligations shall mature after year end 31 March, 2022 as follows:

Expected payments for future years	As at 31 March 2022	As at 31 March 2021

(d) Significant unobservable input(s) for Level 3 hierarchy

The fair value of financial instruments that are not traded in active market is determined by using valuation techniques. The Group uses judgement to select from variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. Significant inputs considered in valuation are Terminal Growth rate, Weighted average cost of capital and computation of Net asset value in case of certain investments.

Relationship of unobservable inputs to fair value and sensitivity

Increase or decrease in multiple will result in increase or decrease in valuation.

Financial risk management objectives and policies

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's Board of Directors has appropriate financial risk governance framework for the Group. The Board of Directors govern the Group's financial risk activities by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises 3 types of risk: interest rate risk and currency risk. Financial instruments affected by market risk includes loans, Investment in units of mutual fund, and borrowings.

Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk primarily from borrowings. The Group monitors the changes in interest rates and actively regarding finances its debt obligations and/or re-evaluate the investment position to achieve an optimal interest rate exposure.

The Group's borrowings are majorly is at fixed interest dates and accordingly, the Group is not exposed to any significant interest rate risk.

Foreign currency risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The carrying amount of Group's unhedged foreign currency exposure at the end of the reporting period are as follows:

Particulars	As at 31 March 2022	As at 31 March 2021
Foreign currency in hand	-	608.60

Impact of 2%		
Increase in exchange rate*	-	12.17
Decrease in exchange rate*	-	(12.17)

Investment price risk

The group's exposure in Investment in equity share & mutual funds - Quoted as at 31 March 2022 is INR 0.05 lakhs (31 March 2021 Rs. 25.70 lakhs) and as a result the impact of any price change will not have a material effect on the profit or loss of the Group.

Credit Risk

The Group is exposed to credit risk from their operating activities (primarily Loans given), The Group manage the credit risk by continuously monitoring the creditworthiness of customers. The Group has used a practical expedient by computing the expected credit loss allowance for external trade receivables based on a provision matrix. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix.

Expected credit loss on loans given is Rs. 774.02 lakhs (31 March 2021 - Rs 593.44 lakhs)

Liquidity Risk

Liquidity risk refers to insufficiency of funds to meet the financial obligations. The Group manages liquidity risk by borrowings, fund infusion by issue of equity shares/preference shares, continuously monitoring forecast and actual cash flows, and by assessing the maturity profiles of financial assets and liabilities.

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include principal cash flows. The contractual maturity is based on the earliest date on which the Group may be required to pay.

39. Recent accounting and other pronouncements :

(A) New Standards issued or amendments to the existing standard but not yet effective :

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its financial statements.

(c) Ind AS 103 | Business combinations – The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.

(d) Ind AS 109 | Financial instruments – The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

(B) other recent pronouncements :

(a) The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the group towards Employee Benefit Plan. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on 13 November 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Group will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

(b) Ministry of Corporate Affairs issued notifications dated 24 March 2021 to amend Schedule - III to the Companies Act, 2013 to enhance the disclosures required to be made by the Group in its financial statements. These amendments are applicable to the Group for the Financial Year starting 01 April 2021. Amendments relating to Division III of Schedule III which relates to the NBFC whose financial statements are required to comply with Companies (Indian Accounting Standard) Rules 2015 as amended by Companies (Indian Accounting Standard) Rules 2016 have been complied with by the Group.

(c) On November 12th 2021, the Reserve Bank of India (RBI) had issued circular no. RBI/2021-2022/125 DOR.STR. REC.68/21.04.048/2021-22, requiring changes to and clarifying certain aspects of Income Recognition, Asset Classification and Provisioning norms (IRACP norms) pertaining to Advances. On February 15th 2022, the RBI had issued another circular no. RBI/2021-2022/158 DOR.STR.REC.85/21.04.048/2021-22 providing time till September 30th 2022. Accordingly, the Company will implement the updated norms under IRACP w.e.f. 1st October 2022.
